

Our Vision

To always be that shining beacon of light that welcomes you 'home' at the end of your journey...

Our Mission

To provide comfortable, clean and affordable accommodation in conjunction with customer service standards that are second-to-none.

To ensure people feel safe and 'at home' whilst in our care, creating a comfortable environment that exceeds guests' expectations.

To provide quality, home-cooked meals that are flexible in nature to meet individual requirements for travellers on different journeys.

To always remember a name, a face, a story in relation to guests who return to us.
